OBJECTIVE

To share knowledge and experiences from therapists and other healing professionals as well as those who have life lessons and experiences to be learned from.

ABOUT

The More Than Therapy podcast is a show about life in general or abstract, depending on what is going on in the world, through a therapeutic lens... explained simply sometimes complex, fun but sometimes serious, entertaining but sometimes shocking. Topics have a wide range of coverage depending on the happenings of the world, interviews with diverse and interesting people discussing their agencies, their practice, their projects, philosophy, and more. The thoughts of the day give people insight and have them open their minds into internal reflection.
